

Wilson S. Campbell CGFM, joined the Governmental Accounting Standards Board (GASB) staff in May 1998 as project manager assigned full time to Service Efforts and Accomplishments Project working closely with James R. Fountain, Jr. Assistant Director of Research.

Prior to that, he served as Special Assistant to Texas State Auditor, Lawrence Alwin. In that role, he was actively involved in the development of the Strategic Planning and Performance Based Budgeting System in Texas and consulted frequently with representatives of federal, state, and local government as well as foreign governments and students about performance measurement and accountability. Before that, he served as the Director of the Texas State Auditor's Office Performance Audit Division.

Mr. Campbell has served as a member of the planning steering committee for the three Managing for Results Conferences hosted by the Lyndon B. Johnson School of Public Affairs. He holds degrees from the University of Wyoming and Wichita State University.
