### **2008 Marketing Catalog Now Available**

The 2008 AGA Marketing Catalog (**attached**) – which includes advertising, exhibit and sponsorship opportunities for all AGA conferences, events and publications – is now available. We will be distributing copies at the annual AGA conference next week. We encourage you to reserve your opportunities early, since items go fast!

### **AGA Annual Conference**

AGA's annual Professional Development Conference & Exposition (PDC) is just around the corner! It will be held June 24-27 at the Nashville Convention Center in Nashville, Tennessee. All the numbers add up to another sell out event! The conference presents you with prime opportunities to interact with leading government executives and decision-makers. Complete program information can be found at <http://www.agacgfm.org/pdc2007/index.htm>. Remember, as an AGA Corporate Partner, your staff is eligible to receive member registration rates for the conference.

### **Annual Corporate Partner Meeting in Nashville - Don't Miss It!**

Please join us on Monday, June 25, from 10:45am – Noon for a meeting of the AGA Corporate Partner Advisory Group (CPAG) at the Nashville Convention Center, Room 201. We need every Corporate Partner organization to send at least one representative to this meeting.

If you are interested in getting involved with AGA, the CPAG is where you can make it happen. In addition to your involvement, your organization will benefit with increased exposure. The CPAG's mission is to bring industry and government executives together to exchange information, support professional development, improve communications and understanding, solve issues and build partnership and trust, thereby enhancing AGA's focus on advancing government accountability

AGA Executive Director Relmond Van Daniker, DBA, CPA, will report on developments at AGA plus we will hear status updates on the CPAG research program. This is an excellent opportunity to network with other Corporate Partner representatives and learn firsthand how to maximize your organization's partnership with AGA.

Remember, we need at least one representative from EVERY Corporate Partner organization to attend. Please RSVP to [Susan Fritzlen](#) or 1.800.242.7211 ext 314. Make the most out of your partnership with AGA and get involved!

**CPAG Research Update – 7 New Studies Completed!**

We are so very pleased to add seven new research reports to our thought leadership library – all made possible by our Corporate Partners! The following reports are available on the [AGA website](#) and will be showcased in sessions at the PDC next week (the sessions are marked with an open book icon in the onsite conference program to indicate the CPAG Research Program).
