AGA Approved as Registered Education Provider by Project Management Institute

Alexandria, VA. – AGA is proud to announce that the Project Management Institute (PMI), the world’s largest project management member association, has named AGA as a Registered Education Provider (R.E.P.) effective Aug. 1, 2019.

R.E.P.’s are organizations that have been approved by PMI to help project managers achieve and maintain their Project Management Professional (PMP)[®], Program Management Professional (PgMP)[®] and other PMI professional credentials. These organizations have met PMI’s rigorous quality criteria for course content, instructor qualification, and instructional design.

With our new status as a R.E.P., AGA will be able to provide our membership with Professional Development Units (PDUs) in addition to Continuing Professional Education (CPE) credits.

“AGA is the member organization for financial management professionals, representing more than 14,000 members who work in all levels of government and the private sector,” said AGA CEO Ann Ebberts. “As our membership becomes more diverse, it is crucial that we continue to provide members with multiple avenues for career development and success. As a PMP, I’m especially thrilled that we can now offer this new benefit to our members and prospective members who hold a professional credential from the PMI.”

AGA joins more than 1,500 R.E.P.s in more than 80 countries. These organizations include commercial training providers, academic institutions, and corporate training departments within corporations and government agencies.
