Government Leaders and Industry Experts to Discuss Financial Systems Modernization in a Budget-Constrained Environment During AGA's Annual Financial Systems Summit

WHAT: [2020 Financial Systems Summit](#)

WHEN: Thursday, January 9, 2020, from 7:30 a.m. – 4:30 p.m.

WHERE:

Walter E. Washington Convention Center
801 Mt. Vernon Place NW
Washington, D.C. 20001

Speakers Include:

Brian Conrad, Cybersecurity Program Manager, FedRAMP, General Services Administration
Christine Rodriguez, Assistant Director, Department of Homeland Security
Craig Fischer, Innovation Program Manager, Department of the Treasury
Jeff Mounts, Deputy Comptroller, Department of State
John Graveen, Deputy Assistant Secretary for Financial Policy and Systems, United States Navy
Kim Farington, Chief Financial Officer, FirstNet
Kshemendra Paul, Chief Data Officer, Department of Veterans Affairs
Mark Rose, Former Comptroller, United States Coast Guard
Matt Roper, Deputy Director, Finance, Department of Justice
Oki Mek, Senior Advisor to the CIO, Department of Health and Human Services
Reed Waller, Assistant Director, Financial Management Initiatives, Department of Justice
Russ Burns, Chief Enterprise Architect, Department of Housing and Urban Development

Educational programs and discussions will include:

Driving Project Success through Organizational Change Management

Properly delivered, Organizational Change Management (OCM) provides the basis for comprehensive communications, workforce alignment with new system roles and responsibilities, leadership mobilization, and multifaceted user training. This session will explore ways that OCM can move key stakeholders up the commitment curve.

Leveraging Emerging Technologies in Government Financial Management

Speakers will highlight examples of emerging technologies that are transforming public sector financial system capabilities.

G-Invoicing Implementation Status and Insights from Early Adopters

Experts will share their experiences with G-Invoicing, challenges they overcame and lessons learned.

The Art of an Integrated Back Office

This session will explore the latest developments in management and operational efficiency. Attendees will learn how integrated financials, acquisition and budget systems benefit the organization, mission and citizens.

How to Use Enterprise Data to Modernize Your Financial and Other Systems

Panelists will share how using enterprise data helps organizations and agencies properly plan and justify IT modernization efforts.
