

The AGA Central Ohio Chapter

A Report to Our Members 2016 – 2017

ABOUT AGA

The Association of Government Accountants (AGA) was founded in 1950. AGA's mission – **to foster learning, certification, leadership and collaboration for professionals and stakeholders committed to advancing governmental accountability.** AGA serves over 15,000 members and is organized into 15 regions with over 100 local chapters. AGA's membership is made up of federal, state, and local employees as well as members representing tribal governments, academia, and private sector businesses and organizations.

WHO WE ARE

The Central Ohio Chapter received its charter in 1970. We are part of the Great-Lakes Region along with 7 other chapters. Chapters within the Great-Lakes Region are geographically dispersed, but we attempt to leverage our collective efforts to effectively share educational events and chapter management initiatives. Our chapter's diverse membership, representing government and private sector employees, provides a networking link that successfully serves the governmental financial and audit communities in their quest in advancing governmental accountability.

WHAT WE DO

AGA Central Ohio supports the Association's Core Values – Service, Accountability, Integrity and Leadership. To help foster these values, we actively promote the Certified Government Financial Manager (CGFM) certification. The CGFM offers government financial professionals with a recognized credential. Members having the CGFM offer a broad range of government financial management knowledge and skill sets to their respective employers.

Social Events

Education

Each fall, the Central Ohio AGA presents the Professional Development Training (PDT) which offers an excellent slate of speakers and a wide range of break-out sessions. Last year our annual PDT hosted over 200 attendees.

The Chapter offers CPE sessions throughout the year. Each session ranges from one to eight hours, and are free to members registering in advance. During the last fiscal year, we provided a total of 68 CPE hours.

Community Service

In the spirit of giving back to the community, Chapter members have gathered together to serve meals at a local homeless shelter, volunteer at a local food pantry, participate in the 5k for K9's to help raise funds for medical care for sick and injured dogs, and a euchre tournament to raise funds for a local homeless shelter. During the last year, the Chapter donated \$3,530 to local charities.

Developing Leaders

The Chapter has an ongoing commitment to providing diverse leadership opportunities to our members. From one-time roles at our Professional Development Training to a multi-year position on the Chapter Executive Committee, we believe that our members' successes and experiences in these endeavors better prepare them to seek out additional leadership opportunities in their professional lives.

Social Events

Throughout the year the Chapter holds a number of social events for members and their families. Some of the events held in the past year include an outing at a Columbus Clippers baseball game, paint nite at Elements Art Studio, a golf scramble at New Albany Links and a day at the Columbus Zoo and Aquarium.

Future Challenges

Chapter Goals

- Increasing Membership and Retention –As members face retirement, it becomes critical for our chapter to enhance and develop programs and services to attract young professionals to our organization.
- Raise public awareness of government accountability, transparency, and performance by encouraging the adoption of the Citizen Centric Report as a vehicle to provide clear, concise information to citizens.
- Growing the Certified Government Financial Manager (CGFM) Program – As interest in obtaining professional certifications is increasing throughout the financial industry, the CGFM program offers professionals a financial management certification specifically designed to provide superior financial support to government entities. Our goal is to increase interest in the CGFM program and support professionals who are studying for the CGFM.
- Expanding Educational Support – Given the increased budgetary concerns at all levels of government, it is essential that our chapter identify and provide timely, relevant, and economical training opportunities.
- Continuing to increase our presence on social networking platforms such as Facebook and LinkedIn.
