and Transparency in Citizen-Centric Reporting, 2021 Chapter CGFM Award and Chapter Accountability and Transparency from National. Please join us as we celebrate these accomplishments.

If you have not yet renewed your AGA membership, we need you!!! With your help we can reach the goal of AGA's Power of 7 Recruitment Challenge! YOU are the best advocates for AGA membership. In as little as 7 minutes – with a quick call or email you can have an impact in recruitment. For our 50th anniversary, our goal is to recruit 50 new members.

We have reached 34 new members, 13 of which are student members. These students were actively recruited through our involvement with the Association of Junior Accountants (AJA) at GCC and the Junior Accounting Society (JAS) at UOG. Also, through the hard work of Young Professionals Chair, Rachel Cubacub—she organized our first ever virtual mixer on May 8. We partnered with GSCPA to impart our life career experiences with the students.

I am thankful for all of you!! Our chapter would not have survived 50 fruitful years without you. I look forward to another 50 more. Each day I am encouraged and blessed with good health, good friends/family, and a wonderful supportive CEC team. Next month, we will induct our new officers and those of you interested in being a director, please let us know.

Stay safe, wear your mask, be kind and create a great day!

Best regards,
Pilar Pangelinan
Chapter President

CGFM CORNER

The AGA GUAM CHAPTER supports its members with their CGFM goals!

The AGA Guam Chapter Certification Committee has various initiatives to promote the CGFM designation. This includes the following:

- CGFM Scholarship Reimbursement,
- CGFM Review Exam Questions Scholarship Reimbursement,
- Study Guides Loan Program,
- CGFM E-Book Study Guides Scholarship Reimbursement, and
- CGFM Mentorship Program

For more information, visit our website (CGFM Initiatives / SOP-3).

Congratulations! MARY GRACE EDROSA

Here's some advice from Guam's newest CGFM.

Most of us have full time jobs and also have families, so it's hard to make time to study. As difficult it may be, the only way to pass these exams is to find the time to study. My study plan was wake up at 4:30am every day, even on weekends (take naps later in the day during the weekends) and have the online

review question available wherever you may be – such as waiting in line or in traffic. The point is every little bit of time you can squeeze in, use it. Before going to bed, I would do a quick 30-45 minutes of review of what I studied in the in the morning. And last but not least, I prayed a lot for God to help me remember and understand all that I read. In the beginning it was hard for me to retain the information. I would read but nothing was sticking. Eventually, it will start to stick.

Why be a CGFM?

The Certified Government Financial Manager® (CGFM®) credential exemplifies experience and proficiency, distinguishing individuals who have made a significant commitment to their professional development. A CGFM has:

Increased knowledge of government financial management: CGFMs must pass three rigorous examinations, covering key topics including federal, state and local accounting and reporting; financial management functions; performance measurement; internal controls and auditing.

Better understanding of the big picture of government: CGFMs recognize how the different components of government financial management fit together, and they understand their role in the process.

Greater confidence on the job: The CGFM certification is directly applicable to the everyday duties of government financial professionals, at every level. It can help a new employee hit the ground running, while enhancing the performance of existing employees.

Did You Know...

CGFM EDITION 8 OF 10

Will my private sector or not-for profit experience be accepted as professional experience? While the candidate does not have to be employed by a government entity, only experience in government financial management counts towards the CGFM experience requirement. Therefore, if a candidate works for a private sector company, a not-for-profit organization, or a nonpublic academic institution, he/she needs to specify how his/her experience relates to government financial management (such as working directly with or for the government, being accountable/reporting to the government, or focusing on government financial management in his/her work).

I passed my CGFM exams, how long do I have to meet the professional experience requirement? The two-years of professional-level experience in government financial management experience must be met within four years of date of enrollment (acceptance) in the CGFM Program.

Am I required to take all three examinations even though I have other certifications? Yes. All applicants are required to take all three examinations regardless of their other credentials or past experience.

I recently passed all three CGFM exams, but I'm still working on completing my experience requirement. May I put that on my resume and/or cover letter? While we understand your desire to let potential employers know about your success, please be careful as to not present yourself as a CGFM until you've completed all of the CGFM requirements and received an official AGA award letter. It must be clear from your resume that you are not yet a CGFM. Therefore, any mention of CGFM should read: "Passed three CGFM examinations, in the process of completing the final requirement towards the CGFM certification."

I recently passed all three CGFM exams and have submitted my completed CGFM work verification form to AGA. May I use "CGFM" after my name now? While we appreciate the excitement of completing the last CGFM requirement, please note that the CGFM designation may not be used until you've received an official AGA award letter.
