### PRESIDENT'S MESSAGE

My new role with the Chapter fills me with excitement. I look forward to working with you as we develop our schedule of activities for this year, so please don't hesitate to email me with your suggestions. Also, I am looking for individuals that would be willing to play a part in that effort by joining me on the Board. Let me know you may have an interest and we can get together for a chat.

Our Board is planning another active year. This past year, we received three national awards for our efforts. These awards

were the PLATINUM Chapter Award, 1st PLACE for our Newsletters, and 1st PLACE for our new website. We will be continuing our efforts in those areas so we can keep you up-to-date on what is happening.

# Race Against Breast Cancer

## Topeka, Kansas

Our community service efforts for the first quarter of the new year will be focused on assistance to the Race Against Breast Cancer. This includes both loose change donations and hours contributed by members in support of or participation in the walk.

The Race Against Breast Cancer, Inc. (RABC) began in 1991 as a community coalition whose mission is to confront the challenge of breast cancer in Shawnee County. The organization has grown into an independent registered 501C (3) not-for-profit corporation and to date has funded over 8,000 screening and diagnostic mammograms to those in need of financial assistance in over ten counties in northeast Kansas. A volunteer board of directors consisting of community representatives, medical providers and hospital representatives oversees the corporation. Our mission is “Improving health through education, access, early detection, screening, and breast health awareness.”

The RABC program funds screening/diagnostic mammograms for over 600 individuals in northeast Kansas each year and reaches hundreds more through community awareness and fundraising efforts. Breast cancer impacts not only women, but also their families, friends, workplace, and community. Breast cancer does not discriminate based on gender and that is why the RABC program also pays for mammograms for men who have a medical and financial need for one.
