PRESIDENT'S MESSAGE

The Association of Government Accountant's Chicago Chapter is committed to ensuring that its members have high quality training opportunities available to them and also support community service events that benefit our members. As the only NASBA accredited training organization in Chicago we will continue to provide the required training to maintain your certifications. Further we will also partner with both the local IIA and ACFE Chicago Chapters on events to bring a variety of training to our Chapter members.

We are happy to announce the opening of registration for our annual PDT scheduled for May 15-16th at the Ralph H. Metcalfe Federal building. This year you will hear from Mr. Kevin McCarthy who published "Amazon #1 Best Seller: Blind Spots - Why Good People Make Bad Choices" as our keynote presenter.

In addition, we are sponsoring another luncheon webinar on April 10 on the topic of "Ethics" at the Ralph H. Metcalfe Federal building. So, be sure to stock up on your NASBA sponsored CPEs between now and June. Finally, mark your calendar for the September 13, 2019 when we will be co-sponsor with the Chicago IIA Chapter to host another "Fall into Training" event in Chicago.

Be sure to visit our website to other future announcements in 2019. I look forward to seeing all of you at some of these events this year.

We are pleased to announce two outstanding speakers at the annual Chapter Professional Development Training event scheduled for May 15-16th, 2019

Kevin McCarthy is a professional member of the National Speakers Association (NSA) and immediate past President for the Oregon chapter, where he recently won a Member of the Year award. He is currently the Marketing Chair for NSA's National Chapter Leadership Committee where he helps train presidents-elect each year to effectively run their chapters.

Kevin began his professional speaking career in 1994 while he owned the 13th largest Century 21 office in the USA, and held a position on the Board of Directors for the Phoenix area Century 21 brokers. Thriving as a speaker, he sold his real estate company and began traveling the country helping industry leaders position themselves for a brave new World Wide Web.

A respected business leader, faithful husband and loving father suddenly finds himself in a federal prison for a crime he didn't knowingly commit. As he struggles to understand the complexity of his bad decisions, an ever-widening web of conspiracy and corruption is revealed. But it's not the legal conspiracy of the largest stock fraud in the history of Washington state involving some of the biggest names in sports or the enigmatic FBI - it's a conspiracy of the mind. It's a battle with the most nefarious enemy of us all: our own blind spots.

Blind spots are those unconscious biases, implicit associations, memory traps and thinking errors that affect our behavior and decision-making abilities. We all have them. Most of us think we don't. That's the conundrum.

Amazon #1 Best Seller: *Blind Spots - Why Good People Make Bad Choices*

You will also hear from Mr. William Doukas who was a Special Agent with the IRS-Criminal Investigation Division for 31 years. He retired in 2005 and began contract criminal investigations for the following agencies: U S Department of State, Diplomatic Security Service; U S Postal Inspection Services; and the Inspector General, U S Department of Transportation. Mr. Doukas is a Certified Fraud Examiner. Mr. Doukas will provide you with a variety of insights on conducting investigations.

Registration is now open for the 2019 Chapter PDT on May 15-16, 2019 which will be held at the Ralph H. Metcalfe Federal Building located at 77 West Jackson Street.
