

Early Career and Student Committee Plan

2021 - 2022 Program Year

Objective

The primary objective for the Early Career and Student Committee in the upcoming year is to promote, build, and improve the skills necessary for new professionals to be successful in the public finances sector. In order to offer early career individuals every opportunity to excel, we will work establish a solid support structure and strong career networks. The AGA: Atlanta Chapter will strive to accomplish this objective by providing support, guidance, and resources to its members and non-members, and encouraging active engagement in the organization.

2021-2022 Goals

Goals for the upcoming year will involve developing, guiding, and mentoring those individuals about to start and who have recently started their careers in public finance and governance. The committee would like to provide the opportunity for select students to become involved in the organization. It would also like to establish a sound support system via a mentorship program. Additionally, it will be the goal of the committee to extend the voice and reach of the Atlanta Chapter to outside events, such as career fairs, if possible, during the pandemic.:

- Submit Early Career Plan to RVP, SVPRS and National Office by 7/30//2021
- Pay for a two (2) Early Career or Student membership in AGA
- Set up an Early Career Mentor program (if possible) – Pandemic related.
- Early career member serves as part of the Chapter Executive Committee
- Early Career member submits an article to the chapter newsletter
