

**Danny Martinez, CPA, CGFM**

**Danny is a Managing Director in the National Public Sector Group. In this role, he performs advisory and consulting services on a variety of technical accounting issues, including implementation of new standards. He also oversees audit engagements of governmental entities, including Single Audits in accordance with the Uniform Guidance. He has over 13 years of experience providing audit, advisory, and training services to a client base that includes municipalities and their component units, counties, utilities, school districts, state agencies, tribal governments and other entities receiving federal assistance.**

**Danny serves on the American Institute of CPAs Technical Issues Committee, a group that provides a voice for its constituents in the standard-setting process, as the Zone 3 (GASB) Chair. He is also the membership director for the Dallas Chapter of the Association of Governmental Accountants.**
