**MEETING LOCATION:**

Greenbelt Hilton

**GENERAL:** Two very successful workshops were held: "Streamlining Management Control Reviews" by the famous Willett/Dempsey team and "Perspectives on Government Contracting" held in cooperation with the Maryland Association of CPA's and led by our own Nelson Shapiro. Meeting location moved to the Greenbelt Hilton to more adequately serve our members with both facility and price. One of the more priceless incidents occurred in April 1987, when a "David

and Goliath" encounter took place. Our President, the diminutive (but mighty) Dick Pelletier almost sprained his neck looking into the face of 6'11" Congressman Tom McMillen. This encounter was photographed, but the film could not be located in time for this publication. The December social event was held at the "Harlequin Dinner Theater" where we saw a production of "Mame".
