Membership Achievement: First Place
Membership Chairman-Ralph Flaherty

MEETING LOCATION:

"Langley Room", Langley Park
Hot Shoppe

GENERAL: To help increase attendance at meetings and to provide additional funding for the year, we instituted a 50-50 drawing at each meeting. Members could buy tickets for 50 cents each and the winner shared the pot with the Chapter. We continued to operate our own bar. Membership increased 42% under the aegis of the energetic Ralph Flaherty and the Chapter was recognized by the National organization. The first Chapter Newsletter was written, edited and published by President Dick Griffin. We participated in our first Capital Region seminar. Lyndon Scates presented the first "Careers in Government" program to students at the University of Maryland. As a fitting conclusion to our second year, we won Third Place in the first annual National Chapter Competition Program. This was no small feat, because for the first several years of the program, all chapters, regardless of

size, competed on an equal basis. In addition, we were one of the five national recipients for outstanding achievement.
