Kenny Kang is a Certified Public Accountant (CPA), Chartered Global Management Accountant (CGMA) and Certified Fraud Examiner (CFE). He has over 18 years of public and industry experience. He specializes in forensic accounting, fraud examination, and fraud prevention & detection.

With over 80 civil, criminal and investigative cases, Kenny has acquired a wealth of forensic techniques and experience in fighting fraud. He specializes in complex business disputes involving accounting matter. Kenny has previously testified as expert witness at the Los Angeles Superior Court and at arbitrations. He received a high recommendation from the Los Angeles County Public Defender Office in July 2009.

Kenny also has a passion for cybersecurity and has been presenting cybersecurity related topics since 2016. He received the *Cybersecurity Fundamentals for Finance and Accounting Professionals Certificate* and the *2019–20 Digital Mindset* from the AICPA in 2018 and 2019.

Kenny provides consultation services in fraud risk assessment, internal controls assessment, accounting processes review, cybersecurity for CPA firms (IRS Form W-12), and firm-wide training.
