

Loren Schwartz, CPA, CISSP, CISA
Partner, Cotton & Company

Mr. Schwartz is a partner at Cotton & Company with more than 25 years of diversified information system and cybersecurity audit, financial and operational audit, privacy, and risk management consulting experience. His specific experience includes directing and participating in a wide range of system reviews, Federal Information Security Modernization Act (FISMA) audits, financial statement audits, and audits of internal management controls of automated information systems. He has spoken at a number of professional events on topics such as Cotton's integrated audit approach, business continuity, disaster recovery planning, cybersecurity, and privacy. He has also presented at the Audit Forum of the Federal Reserve System.
