

## Our Community

Originating as Newport in the late 18th century along the confluence of the Ohio and Little Kanawha Rivers, the town area was laid out following the American Revolutionary War on land granted to Alexander Parker for his war service. The area was renamed Parkersburg for him in 1810. The city developed into a transportation and medical center for union forces during the civil war. Parkersburg continued to gain prominence as a transportation hub during the oil and gas boom of the late 19th Century. Today, one of the attractions our city is known for is Blennerhassett Island – a national historic site located just south of downtown in the middle of the Ohio River.

Parkersburg (and the greater Mid-Ohio Valley) is home to multiple employers in industries that include manufacturing, oil and gas exploration, plastics, a regional health care system, and government operations. These model employers have long recognized the talent and strong work ethic of our region and have located significant operations here with an influence in our world economy. Our local schools, trade schools, and colleges are all above average and this prepares and sustains a workforce ready to support growth and opportunities.

Parkersburg has a long history of supporting the small-town atmosphere by creating a vibrant and welcoming community. The beauty of this region, with lakes, rivers, and rolling hills, offers many occasions to enjoy recreational, historical, and cultural pursuits. We have the workforce, infrastructure, and educational opportunities to continue as an integral part of the evolving 21st Century.

# DOING OUR PART

## *Serving Members and Community*

### Community Service

The AGA-MOV supported numerous projects, both financially and by volunteering our time throughout the year. Joshua E. Hudkins committee chairperson for AGA-MOV Programs, Meetings, and Community Service, revised our plan to include more opportunities to give back to our community. Our members believe whole-heartedly in giving back to the community and making an impact in others' lives both through AGA and other individual efforts. The chapter is always eager to serve its community and is continuously looking for opportunities to get involved. Below are just some of the community events AGA participated in for 2021-2022.

Dear Mid Ohio Valley AGA,

I am honored to have the opportunity to serve as the AGA Mid-Ohio Valley Chapter President for the 2022-2023 Program Year. I want to thank Alyssa Chevalier for leading our chapter through a successful 2021-2022 Program Year and for continuing to build on our already strong foundation. Alyssa always displays enthusiasm and inclusiveness, not only during her term as President, but in other roles she's held within AGA MOV. AGA membership has made an incredibly positive impact to my career growth through the wide variety of Continuing Education offerings, expanding my professional network, and gaining leadership experience while serving on Chapter committees. For those members who would like to become more involved, I'd encourage you to reach out to the chairperson of whichever committee or volunteer event means the most to you. Our chapter provides many opportunities to make a real impact to our local community. I'm excited to see all the accomplishments AGA MOV achieves this year!"
