GENERAL: To help finance the programs for the year, we operated our own bar preceding each meeting. Dinner prices at the beginning of the year were \$3.50 and drinks were 35 cents. At the end of the year dinners were \$5.00 and drinks were 50 cents. This prompted the Chapter to advertise within the ranks for teetotaling bartenders lest the prices surpass the current rate of inflation. Ralph Flaherty's diligent efforts as Membership Chairman resulted in an increase of over 100% and won recognition for the Chapter at the FGAA National Symposium. We celebrated our first anniversary at the final meeting of the year. Nat Cutler and Harry Levine joined us in celebrating and Dr. Howard Wright received the first award presented by our Chapter for his singularly outstanding contributions to FGAA.
