Financial Management Advisory Council

Learning Objectives:

- Agency leadership that is undergoing direct scrutiny around DOGE can learn about how process intelligence can help agency CFOs answer the call for government efficiency using a data driven approach.
- Learn about key ways to automate manual inspection activates to drive value around audit readiness and OMB Circular A - 123.
- If system modernization is a key focus, having process mining and process intelligence can help reduce the need for manual reviews.
- Learn how to take a step back and see how modernization can return the power back to states and agencies addressing DOGE.

The AGA Olympia chapter and the Financial Management Advisory Council (FMAC) are excited to offer several free online trainings in the next several months. There are only a limited number of participants allowed to register for each webinar session. We ask that if you register for a training that you commit to attending.

Participants that register for a training will be assigned a voucher code to log in and attend training at no cost. If you register and fail to log in, you will be placed on a wait list for future trainings and will only be allowed to register if there are cancellations or available seats after registration has closed. We reserve the right to suspend participants who fail to attend trainings they have registered for from registering for future webinars. Registration for all events will close four working days prior to the start date, or when maximum attendance levels are reached, to allow for materials and access links to be emailed to participants.

Please remember there is a cost to AGA and FMAC for this webinar. If you are unable to attend, please notify us ASAP, but no later than 24 hours prior to the event so we can assign the voucher code to someone else. If you have already registered using the voucher code we will be unable to transfer the code and you may be placed on the wait list for future trainings.

To register for trainings, please contact training.aga.olympia@gmail.com and provide your Name, Email Address, and the Training you would like to attend. Available voucher codes will be assigned on a first come basis.
