What's Next For Our Chapter?

The board is excited for the upcoming year and is looking forward to continuing to grow upon the success of previous years. We are looking to implement several initiatives to help grow our base as a chapter and our presence in the community. These initiatives include:

- COVID-19 has changed the landscape of the accounting industry. As a chapter, we plan on helping to lead the discussion on how to navigate this new environment through various chapter events, such as workshops and monthly meetings.
- Our chapter plans on holding virtual events to help engage more chapter members during the pandemic. In addition, we are doing joint meetings with ACCA and the Baltimore AGA Chapter to discuss the challenges COVID-19 presents to our industry.
- We also plan to serve our local communities through volunteering at food banks that are providing meals to those in need and directly impacted by the pandemic.
- Continuing the CCR Scholarship Contest, which we offer to college students attending college/university within the state of Maryland
- Increase Member, Industry and Sponsor Value through networking events and offering improved benefits.
