world-class first resort destination of Achoice, offering a U.S. island paradise with stunning ocean vistas, for two million businesses and leisure visitors from across the region with accommodation and activities ranging from value to five-star luxury -all in a safe, clean, family - friendly environment set amidst a unique 4,000 year old culture.

### **HISTORY**

In 1963, the Government of Guam established the Guam Tourist Commission within the Department of Commerce via Executive Order 63-10, which was issued by then Governor Manuel F.L. Guerrero. With an initial budget of \$15,000, the Guam Tourist Commission immediately began aggressive travel trade promotions in Japan and Southeast Asia. Additionally, the Commission worked diligently on the development of Guam's tourism plan and lobbied air carriers to increase flight service to Guam from potential market areas.

'he rewards of the Commission's efforts were reaped four years later, when on May 1, 1967, Pan American World Airways landed on Guam with 109 Japanese tourists. In that first year, Guam recorded 6,600 visitor arrivals.

n July 1970, the Guam Tourist Commission was renamed Guam Visitors Bureau. Separated from the Department of Commerce, Executive Order 70-24, formally established the Bureau as a nonprofit corporation. In 1983, Public Law 17-32 (The Guam Visitors Bureau Act) was enacted, reorganizing the Bureau as a public, nonprofit, membership corporation.

The Mission of the Guam Visitors Bureau is to efficiently and effectively promote and develop Guam as a safe and satisfying destination for visitors and to derive maximum benefits for the people of Guam.

GVB also spearheaded the outreach efforts in support of the Guam COVID Alert App. The team was tasked to raise awareness and encourage downloads of the mobile app to reach the 60% benchmark of smartphone users on island. In partnership with Department of Public Health

and Social Services, a Download@thon was broadcasted live on September 26, 2020 to encourage positive community participation in order to mitigate the spread of COVID-19.

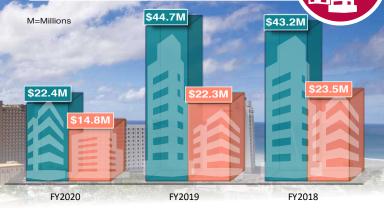

Saturday, August 1, 2020: The Islandwide Beautification Task Force (IBTF), chaired by Lieutenant Governor Josh Tenorio, in collaboration with the Guam Visitors Bureau, hosted the Give Us A Moment #GUAM Island Pride Beautification Event. The cleanup received overwhelming support from more than 1,000 volunteers representing all three branches of government, the private sector, and non-profit organizations.

In FY2019, there were various capital expenditures that the bureau sponsored, e.g., culvert cleaning PHASE I, streetlight repairs and other maintenance activities.

SOURCES OF FUNDING

GVB's direct appropriations from the TAF in FY20 was \$14,790,306. This excludes the Pass-Thrus which the bureau received on behalf of the 17 non-profit organizations. As a result of the Coronavirus pandemic, the original budget request of \$22,490,650 was reduced by 34% (of its approved budget request for FY2021). Federal funds related to COVID-19 expenses were also received during the year with reference to improving telework and the purchases of medical & protective supplies which enabled employees to comply with public health safety guidelines.

### **CLEAN OPINION**

An independent audit was conducted by Deloitte & Touché LLP, resulting in a clean opinion. Complete financial information can be found at <a href="https://www.guamvisitorsbureau.com/reports/financial-reports">https://www.guamvisitorsbureau.com/reports/financial-reports</a>

- Retrofitting budget priorities with limited funding source.
- Build confidence in Guam as a safe and hygienic destination to include the value chain of tourism and other touch point businesses.
- Pressure on strategic initiatives and programs on tourism industry re-opening efforts amidst travel restrictions.
- Aging destination infrastructure and addressing safety in dilapidated building and littering issues.
- Alignment of source markets and air service in restoring visitor arrival numbers.
- Ever evolving global situation with COVID-19 containment.

Deploy marketing and public relations capabilities on COVID spread containment in scaling up vaccinations and safety protocols.

**FUTURE OUTLOOK** 

- Retooling tourism business models with the "new normal" though technology & upskill of workforce.
- Digitizing destination touchpoints to deliver a unique visitor experience that is grounded in health security, hygiene, and physical safety.
- Communication with travel trade & consumers and intensify social media presence to maintain visibility in source markets.
- Preparing the destination through island wide clean up, spruce up, flood mitigation culverts, beautification and improve Destination Product Quality.

### **DID YOU KNOW?**

GVB had 6 employees that were temporarily detailed at both the Department of Labor and the Joint Information Center (JIC) during the height of the pandemic - rendering a total of 942 hours!

Tumon Bay is the heart of Guam's entertainment, recreation and visitor district. Its main artery, Chalan San Vitores (also San Vitores Boulevard) connects the entire district from north to south. Chalan San Vitores sees thousands of local residents and visitors daily along its streets and sidewalks. As such it must be maintained to provide the safest, cleanest experience possible for residents, employees and visitors.

Integral parts of this maintenance requirement include maintenance and upkeep of the stormwater management system along the entire length of Chalan San Vitores. The maintenance sectors include Gogña Beach Road, Australian Cable Road, JFK Road and Ypao Road.

### Y2020 WEBINARS - TRAVEL TALKS

## Give Us A Moment

GVB launched an awareness campaign that extended Guam's Håfa Adai spirit to the world while encouraging everyone, including the island community and visitors in source markets, to stay home and stay safe. The campaign asked visitors to Give Us A Moment (#GUAM) as the island was going through the COVID-19 crisis.

### STREETLIGHTS

The streetlight project will replace a minimum of 25 complete streetlight pole assemblies including fixtures, controls, wiring and cabinet components along San Vitores Road and its main feeders
